

Factor Au Project Northwestern Ontario

FLYROCK

Project Highlights

- Au project in a proven mining district, 45Km South-West of the Agnico Eagle Hammond Reef Au Project.
- 48 contiguous, single-cell, unpatented mining claims totaling approximately 1017 hectares.
- Situated on both the Finlayson Lake and Mine Centre Greenstone Belts, and straddling the dextral Quetico fault.
- Till sampling in 2024 discovered widespread anomalous Au, Ag, Cu, Zn, and As values surrounding the property.
